### We can do better!

We are still ahead on membership overall, but did not register a net gain last month.

All clubs need to try harder to perform service every month in all areas. Pretty obvious that our smaller clubs need some help in bringing up their numbers so they are not stretched so thin. This is a great opportunity for those who have friends in these areas—invite them to their nearby Kiwanis meeting and make it an interclub.

Attendance was up in the month—clubs are doing a good job of letting their members know what's going on, and making it worth their time to come to a meeting.

Interclubbing is doing well—just please do me (and yourselves) a favor and try harder to split up and sit among your hosts. It's amazing what you can learn by sharing with other clubs' members.

Programs continue to be awesome. Kiwanians may just be the most educated people around, thanks to the terrific job all the program chairs do.
